

Digital Imaging Services

Superior Digital Imaging for Photographers & Artists

We print with Epson 7900 and 9900 printers using Ultrachrome HDR Inks on a variety of substrates including papers from Canson, Museo, Epson, Hahnemuhle, Pictorico, and specially coated Twin Rocker hand made papers. Other papers and materials are available upon request. All digital files are optimized for exquisite printing without additional cost. Pricing upon request.

Retouching, Scanning, Consulting

We perform other digital services including retouching of digital files, high resolution scanning of reflective or transparent work, and consulting on a wide variety of imaging projects.

On-site Reproduction Photography

We can photograph your two and three dimensional work at your location or studio for a variety of uses.
